

Alcohol Free Surface Sanitiser

PRODUCT INFORMATION SHEET

DESCRIPTION

Ecogreen Alcohol Free Surface Sanitiser is an effective and economical way of preventing germs from spreading. With regular daily use, it kills 99.9% of germs on surfaces. Being alcohol free, it can be used in environments where the use of alcohol is either banned or discouraged, including detention centres, religious centres, educational facilities and medical & health facilities.

Ecogreen Alcohol Free Surface Sanitiser contains no harsh or dangerous chemicals so it's safe to use on all surfaces such as office equipment, aeroplanes, children's play areas, washrooms, food preparation areas, public transport, shopping centre's, hospital & clinics, hotels, aged care centre's and much more.

Safe to use around people, plants and pets, **Alcohol Free Surface Sanitiser** is a simple, clever and environmentally friendly sanitiser providing a responsible approach to daily hygiene.
